Profile Summary

DevOps and Cloud enthusiast with hands-on experience in AWS, Docker, Kubernetes, CI/CD pipelines, and automation tools. Skilled in building scalable applications, containerization, cloud infrastructure management, and deployment automation. Passionate about DevOps practices, backend development, and solving real-world technical problems through efficient and reliable solutions.

Experience

DevOps Training Internship Trainee

Oct 2025 – Mar 2026

Skillecated Edu Pvt. Ltd., Pune

- Completed a 6-month training and internship at Skillecated, Pune, gaining hands-on exposure to DevOps fundamentals, CI/CD pipelines, Git version control, cloud basics, and real-world software development workflows.
- Worked on practical tasks involving automation, build and deployment processes, and collaboration tools, strengthening problem-solving skills and understanding of end-to-end software development and delivery lifecycle in industry environment.

Skills

Programming Languages: Python, Java, JavaScript, SQL, Bash Scripting

Web Technologies: HTML, CSS

Database: MySQL

Tools & Technologies: Linux, Git & GitHub, VS Code, AWS(EC2, S3, RDS, VPC), Docker, GitHub Action, Terraform, Kubernetes

Others: Object Oriented Programming (OOPs), Data Structures & Algorithm (DSA), Computer Networking, Databases Management Systems, Operating System

Projects

DevSecOps CI/CD Pipeline with Automated Security Scanning for Node.js Application

- Built a GitHub Actions workflow integrating Semgrep, npm audit, and Gitleaks to perform static code analysis, dependency vulnerability checks, and secret detection on every push, catching security issues before production deployment.
- DevSecOps is the newest, fastest-growing DevOps niche. Having 3 security tools stacked into one pipeline.

Dockerized Two-Tier Flask Application Deployment

- Built and deployed a two-tier Flask web application using Docker by writing custom Dockerfile and a Docker Compose configuration to automate multi-container setup.
- Containerized the Flask app and database services, enabling reproducible environments, simplified deployment, and streamlined service orchestration.

Education

JSPM's Bhivarabai Sawant Institute of Technology & Research, Pune

Nov 2022 – Present

BE Computer Engineering — CGPA: 8.55

Sri Chaitanya Junior College, Pune

Jun 2020 – Apr 2022

HSC Class XII : 80.33%

Oxford English Medium School, Chopda, Jalgaon.

Jun 2015 – Mar 2020

CBSE Class X : 79.40%

Achievements & Certifications

- Completed 6-month DevOps internship at Skillecated gaining CI/CD, Git, cloud, and automation experience.
- Core Java Course Completion Certificate from CodeForSuccess
- HTML, CSS, JavaScript Course Completion Certificate from Udemy
- 75+ Problems Solved on LeetCode
